2-AC DEVELOPMENT SITE W/PERMITS

DEMAND | POPULATION | HOUSING DRIVERS

Demand Drivers/Competition:

Main Drivers for self-storage include Population and Housing growth as well as small business owners and tradesmen like electricians, plumbers, contractors, etc. that require space for inventory and equipment and "Empty-Nesters" down-sizing to smaller homes or rental units that are seeking space for storage of excess belongings. The Spicewood area is rapidly growing from populations moving west out of the Austin/Round Rock and Lakeway/Bee Cave areas, seeking more open space and/or smaller housing units and more affordable housing costs.

The only self-storage in close proximity to the "Spicewood-71 Storage" site, is "Spicewood Super Storage", located a few hundred yards west of the site, which has been full for many years. They just completed construction of a small 2-floor/20,000 SF climate-controlled building, on their last remaining site area up on the frontage of 71, and I believe those spaces are almost completely leased/sold out. This project offers mostly Boat & RV storage units, non-climate self-storage units, as well as a small quantity of climate-controlled self-storage units. Rates range from \$1.50 PSF to over \$2.50 PSF, with averages around \$2.00 + PSF.

Housing/Population Drivers:

Within a 5–10-mile radius of my site at Hwy 71 & CR 413 in Spicewood, TX., there are over 14,000 new homes under construction and planned, with over 1/3rd of those, within 1 mile of the site. Currently there are 10,700 existing Households, within a 10-mile radius of Hwy 71 & CR 413. Population growth rates over the next 5-years are projected to be 3-4%+ Annually, while the current population within a 10-mile radius, exceeds 26,400 residents. Current Average Household Incomes within a 10-mile radius are close to \$125,000.00, with Median Home Values exceeding \$499,000.00.

New Housing Development - 14,000+ Housing Units: are underway within a 7-8 Mile Radius of "Spicewood-71 Storage" site

The project has started, and multi-family units are under construction as well as a Phase 1 Single Family Home section of 450 units.
